Model Specification

Value

Product dimensions (cm)	37 x 40 x 22
Filter capacity (l)	3.1
Flow rate	13.249 L/H (13.2 m³/h)
Filtration	180 (µm), Single Layer
Cleaning modes	Floor, Wall & Waterline, Full
Beach entry detection	Included
Power supply	Replaceable 4500 mAh battery
Battery power (Wh)	99.90
Runtime (h)	Up to 2.5 hours
Charging time (h)	5~6
Sensors	Ultrasonic SmartSensor + Gyroscope
Motors	3 Brushless DC
Connectivity	Wi-Fi & Bluetooth
App & Over The Air updates	Yes
Weight	7.5 kg
Warranty	2 years

Smart Pool Cleaning

Innovation that keeps your pool crystal clear

Equipped with advanced **ultrasonic path planning**, Smart Pool Cleaning intelligently maps your pool for efficient and thorough cleaning. Its **real-time optimised trajectory** system with seamless **Over-the-Air (OTA) updates** ensures peak performance every cycle.

Easily control and monitor the device via **Wi-Fi or Bluetooth** using the dedicated mobile app, start cleanings, set schedules, and access diagnostics with just a tap.

Smart Pool Cleaning: Smart technology, Effortless performance.

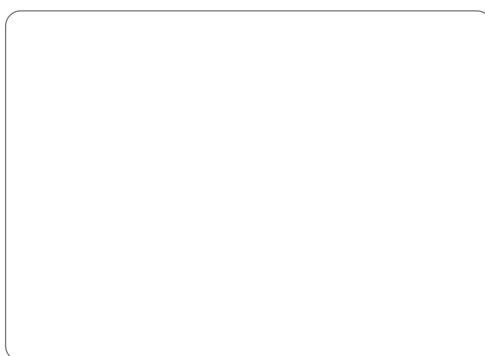

Your source for pure pool pleasure.
